

Kolkata, India; Romania and South Africa and Mozambique

The needs of children around the world are numerous. It would be easy to throw up our hands in frustration, but our hands (and feet) can be put to much better use. Can you imagine meeting every child you have fed through your efforts? Imagine each one of them gathered around you. If this could really happen, how inspired would we be to multiply our efforts to see more children helped year after year. If we all do what we can with this in mind, a lot of lives can be saved and their souls will have an opportunity to meet Jesus.
